# SANTA FE SHIPPING **COTTON HEAVIL**

re Solid Carloads, or 300 les, to Move From There.

BULK OF THE CROP

This Shipment, But Nearly 200 Will Be Distributed Among growers in the Santa Fe and baid Sections.

Santa Fe, Nov. 27.—Santa Fe is fast worked, broken-down, nervous women, contains any alcohol, also entitles them to a place all by themselves. becoming a large shipping point for cotton. Last year there were some six hundred bales shipped from this point. The first shipment for this season is being loaded and will consist of twelve solid carloads, containing three bundred bates. The sale was made by Capt. J. L. Matthews of Bland to W. W. Gordon, so the amount of eash that will be left among the farmers of this and Bland section for the sale will amount to nearly thirty thousand dollars. The bulk of the crop in this vicinity is in the shipment.

On Thursday night, the 22d, both of the old hotels at Worthington Springs were burned with contents. As the houses were unoccupied at the time the cause is unknown.

Cane grinding is the order of the day. The cane being killed by the late freeze has caused the farmers to rush the grinding. Seed cane that was cut before the freeze is killed, which will cause the majority of the cane growers to be minus in the crop next year.

The continued dry weather is greatly damaging the vegetable crop here. Santa Fe is beginning to be lively. Brown & Co. of Live Oak, who have bought out the claims of the Valdosta company, are putting up a large distillery here. W. B. Holder of Citronelle, who owns a large interest south of here, contemplates putting his still here also. Unless there is a consolidation there will be two companies operating here in the near future.

## Be Charitable

To your horses as well as to yourself. You need not suffer from pains of any sort-your horses need not suffer. Try a bottle of Ballard's Snow Liniment. It cures all pains. J. M. Roberts, Bakersfield, Mo., writes: "I have used your Liniment for ten years and find it to be the best I have ever used for man or beast." Sold by W. M. Johnson.

Had Stormy Voyage.

New York, Nov. 27 .- Four four days 1,500 immigrant passengers on arrived Monday from Genoa and Naples, were kept below decks while the steamer pitched and rolled in a gale which at times assumed almost the proportions of a hurricane The Florida came through safely, however, and none of her passengers suffered any permanent injury. On the night of Nov. 24, four or five great water-spouts were sighted, some of them very near the steamer.

### The Best Guaranty of Merit Is Open Publicity.

Every bottle of Dr. Pierce's worldfamed medicines leaving the great laboratory at Buffalo, N. Y., has printed upon its wrapper all the ingredients entering into its composition. This fact alone places Dr. Pierce's Family Medicines in a class all by themselves. They cannot be classed with patent or secret medicines because they are neither. This is why so many unprejudiced physicians is why so many unprejudiced physicians prescribe them and recommend them to their patients. They know what they are composed of, and that the ingredients are those endersed by the most eminent medical authorities.

The further fact that neither Dr. Pierce's Golden Medical Discovery, the great stomach tonic, liver invigorator, heart regulator and blood purifier, nor his Favorite Prescription for weak, over-

Many years ago, Dr. Pierce discovered that chemically, pure glycerine, of proper strength, is a better solvent and preserv stive of the medicinal principles resid ing in our indigenous, or native, medi-cinal plants than is alcohol; and, further-more, that it possesses valuable medicinal properties of its own, being demulcent, nutritive, antiseptic, and a most efficient antiferment.
Neither of the above medicines con-

tains alcohol, or any harmful, habit-forming drug, as will be seen from a glance at the formula printed on each bottle wrapper. They are safe to use and potent to cure

Not only do physicians prescribe the above, non-secret medicines largely, but the most intelligent people employ them wpeople who would not think of using the ordinary patent, or secret medicines. Every ingredient entering into the composition of Dr. Pierce's medicines has the strongest kind of an endorsement from leading medical writers of the several schools of practice. No other medicines put up for like purposes has medicines put up for like purposes has any such professional endorsement.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is "just as good." Easy to take as candy.

VERY DIFFICULT TASK.

Is Compliation of Confederate Post of Roster of Officers.

Washington, Nov. 27 .- The compilation of the confederate part of the roster of officers and enlisted men of the Union and Confederate armies ; provided for in an act of congress in 1903, has been footed by the war department to be a difficult task on account of the incompleteness of the Confederate connection in possession of the department.

During the year a considerable number of records of North Carolina and Virginia confederate organizations and a few organizations from Florida,' Mississippi and Texas, were received by loan and these were carefully copied. During former years the work had progressed well from records from Alabama, Arkansas, Florida, Georgia and Kentucky. In order to make the rosters as complete as possible data is being taken from the union records of confederate prisoners. Up to date the whole number of index record cards presented from the Confederate roster is 3,360,-441.
